

**Kings/PN/2022/07****31 August 2022****PRESS RELEASE****Kings Infra offers unique opportunity to participate in shrimp harvests**

Kings Infra Ventures is offering a unique opportunity to a limited number persons interested in sustainable aquaculture to take part in the ongoing harvests at its farm in Thoothukudi, Tamil Nadu. The participants will have a unique opportunity for gaining first-hand knowledge of the path breaking work done by the company in bringing a new system of aquaculture farming. The initiative is aimed to create awareness of the economic and social impact of sustainable aquaculture, said Shaji Baby John Chairman and Managing Director, Kings Infra.

The seedlings of the ongoing harvests were supplied by Golden Marine Harvests, Pondicherry produced from broodstocks sourced from Benchmark Holdings and SIS Hardyline. High quality feed from Vietnam based Uni-President was supplied by Nila Seafoods, a leading seafood processor. Probiotics from Suriya Bio Nutrients, Prioms, Atomes India combined with the organic formulations developed by the R&D team of Kings Infra under the SISTA360 protocols. The process ensures 100 percent safe product devoid of antibiotics, harmful chemicals or disinfectants. Complete traceability from Broodstock to final harvest is maintained and will be available for validation by the experts.

Academicians, Industry experts, Financial Analysts, Journalists, Shareholders, representatives of Financial Institutions and other Stakeholders are welcome to participate. The opportunity open from September 5-7, 2022 would be limited to a maximum of 10-15 persons per day, on a first come first serve basis from each category. The interested persons should make the request in the following E-mail address on or before September 3, 2022.

We hope the initiative will demonstrate the opportunities in aquaculture and ways to transform aquaculture practices to be more environmentally, socially and economically sustainable.

Requests should be sent to the following E-mail
